

Appendix V

LIST OF ARTICLES PUBLISHED IN NFI BULLETIN

1980			
January	Green Power and Freedom for Hunger: M.S. Swaminathan	opmental Programmes: C. Gopalan	
April	Central Issues in Nutrition Policy and Programmes: Saran Singh	Marine Food Resources: Present Status and Problems: V.V.R. Varadachari et al	
July	Post Harvest Technology of Foodgrains and Oil Seeds in India: C. P. Natarajan and J. V. Shankar	April Nutrition in the New 20-point Programme: C. Gopalan	
1981		Exclusive Breast-feeding for Six Months Old – An Attainable Goal for Poor Communities: Deepali Das et al	
January	How Short are We of Edible Oil?: K. T. Achaya	A Revisit to Rewa: C. Gopalan	
April	Nutritional Consideration in Agricultural and Rural Development: M.S. Swaminathan	July Nutrition in Relation to Health for all by the Year 2000 A.D: U. Ko Ko	
	Vitamin A Deficiency Programme: S. G. Srikantia	Expansion of ICDS : M.S Dayal	
	Malting as an Aid in Reduction of Viscosity of Cereal and Legume Diets: H.R.S. Desikachar	Minimum Wages for Agricultural Labour: C. Gopalan	
	Control of Anaemia by Fortification of Common Salt: B.S. Narasinga Rao	October Malnutrition and Mortality: Lincoln C. Chen	
July	National Goitre Control Programme: C. Gopalan	Integrated Rural Development: C. Gopalan	
	The Child-in-need Institute: S.N. Choudhury	The Narayanapuram Experience: P.V. Indersen	
	Nutrition and Contraception: Mehtab, S. Bamji	1983	
October	School Health Services: C. Gopalan	January	Nutritious Meal Programme for Children of Tamil Nadu: Rajamal. P. Devadas
1982			The New Technology for Production of Pulses: H.K. Jain
January	Health Management by the People: David. P. Haxton		Why Soya Bean?: K.T. Achaya
	Nutritional Consequences of Devel-	April	Human Milk and Childhood Diarrhoea: D.B. Jellife and E.P. F. Jellife
			Breast Feeding: Beyond the Codes: Indira Narayanan
			Mobile Crèches: Indu Balagopal

- July** Measurement of Undernutrition: Biological Considerations : C. Gopalan
- October** "Small is Healthy"? For the poor not the rich: C. Gopalan
- Food Production and Consumption trends : H. Lakshminarayan
- Nutrition in Medical Education: Tara Gopaldas and Subadra Seshadri

1984

- January** Child Survival and Undernutrition: Biological Considerations: C. Gopalan
- Body size, Health and Fitness: Janna Parizkova
- Home Science and Vocational Training for Rural Girls: C. Gopalan
- April** Classification of Undernutrition - their Limitations and Fallacies: C. Gopalan
- Endemic Fluorosis in A.P.: S.G. Srikantia
- Epidemiology and Control of Fluorosis in India: A.K. Susheela
- July** Concerns Over Vegetable Oils: K.T. Achaya
- Undernutrition Among Adult Indian Males: Kamala S. Jaya Rao
- Smallness- a Symptom of Deprivation: Micheal C. Latham
- October** Protein Energy Requirements- Insights from Long Term Studies: W.M. Rand and N.S. Schrimshaw
- Choosing Beneficiaries for Long Term programme: C. Gopalan

1985

- January** Maternal Health, Fertility and Child nutrition: C. Gopalan

Nutrition Programmes in Rural Communities – A Nepal Experience: D. Nabarro

Increasing Agricultural Productivity through Improved Photosynthesis: K.K.G. Menon

April Infant Nutrition from West Bengal: Insights from Recent Studies: C. Gopalan

The Nutrition Component of Primary Health Care: S. G. Srikantia

Clonal Propagation in-vitro from Coconut Leaves: S. Bhaskaran

July Food Production and Nutrition Trends in India and China: C. Gopalan

Human Milk for Low Birth Weight babies: Indira Narayanan

Use of Biotechnology for Increasing Food Production: Challenge and Opportunities, Eves Demarly

October Child Health and Nutrition in Tamil Nadu : C. Gopalan, Urban Nutrition in India-I, Kamala J. S. Jaya Rao

ORT-the Need for Proper Perspective: C. Gopalan

1986

January Urban nutrition in India-II : Kamala J. S. Jaya Rao

Nutritional status of Indian children, Has it improved in recent years: C. Gopalan

April Delivery of health care : Role of medical colleges : B. Cowan and H.N.S. Grewal

Use of growth charts for promoting child nutrition : V.L. Srilatha

Fat intakes in India : K.T.Achaya

July Participation of medical colleges in National health programme: An experiment in India : B.N. Tandon
ICDS:Seventh plan and beyond : M.S.Dayal

Vitamin A deficiency and child mortality : C. Gopalan

Wholesomeness of Irradiated wheat : S.G Srikantia

October Iodised injections in Goitre prophylaxis : N Kochupillai and M M Godbole

The Tamil Nadu Integrated Nutrition Programme : J.P Kevamy

Fats in breast milk : K.T Acharya

1987

January Food Consumption In Rural Indian Households: Has It Increased In

The Years? : K. Ramachandran

The challenges of global malnutrition and response of international

agencies: Lincoln C.Chen

Reviews and comments: Irradiation of wheat : C. Gopalan

April Growth monitoring : C. Gopalan

Health care in U. P. and Bihar : K. N. Agarwal

July Heights of population-an index of their nutrition and socio-economic developments: C. Gopalan

Radionucleotides in foods due to radio active fallout and their biological hazards : B. S. Narasingha Rao

The Chernobyl disaster: Potential hazards of the third world: C. Gopalan

October The female child in India : Dr. Shanti ghosh

Gender bias in Health and Nutrition Care: C. Gopalan

1988

January Nutrition and Immunity in Old Age : R. K. Chandra

Community Organisation for Health Care : C. Gopalan

Reducing the Bulk of Cereals Gruels : Tara Gopaldas et al.

April The National Nutrition Monitoring Bureau : S.G. Srikantia

NNMB: The importance to Nutrition Reserch and Planning: C. Gopalan

Consumption of Edible Oils in India-The Present Picture : C. Gopalan

July Dietary Guidelines for Affluent Indians: C. Gopalan

National Goitre Control Programme-Current Status : P. Subramaniam

October Dietary Fibre in Indian Diets and its Nutritional Significance : B. S. Narasingha Rao

Diabetes in India : M. Viswanathan et al.

1989

January Metabolic Response to Chronic Energy Deficiency: P.S. Shetty

Reaching the 'Under -threes' in ICDS: Shanti Ghosh

April Fats in Indian Diets: Ghafoorunissa

Adaptation to Chronic Energy Deficiency: C. Gopalan

Fluorosis-early Warning Signs and Diagnostic Test: A.K. Susheela

July Growth Standards for Indian Children: C. Gopalan

Recent Indian Studies in Food Toxins:
R. V. Bhatt

October Women and Nutrition in India –
Some practical consideration: C.
Gopalan

Adolescent girls in ICDS programme-
A proposed scheme: K.R Venugopal

1990

January Nutrition and Drug Metabolism – A
Review of Recent Indian Studies:
Kamala Krishnaswamy

Pattern of Fatty Acid Intake in Tradi-
tional Indian Dieteries: K.T. Achaya

April Is Satisfactory Energy Balance Pos-
sible on Low Energy Intakes?: J. V. G.
A. Durnin

Nutritional Aspect of Palm Oil: W.H.
Chug

July Vitamin A and Child Mortality : C.
Gopalan

Metabolic Efficiencies In Chronic
Energy Deficiencies : P. S. Shetty

October Nutrition in Leprosy: Kunal Saha & K.
N. Rao

Vitamin A Supplementation and Child
Mortality-examination of a Chain: J.
Cravioto

Age of Girls at Marriage – Public
Health Significance: Suminder Kaur

1991

January The Changing Profile of Undernutri-
tion in India: C. Gopalan

The Efficacy of BCG Vaccination in
Undernutrition: P. Bhaskaram

April Dietary Management of Indian
Diabetics: M. Viswanathan & V. Mohan

Prevention and Control of Anaemia in
India: Theory and Practices: B.S
Narasinga Rao

July Use of Carotene Rich Foods for
Combating Vitamin A Deficiencies:
B.S. Narasinga Rao

Nutrition and AIDS: Prema
Ramachandran

October Prevention and Control of Goitre -
Demerits of Iodised Oil Injections: N.
Kochupillai

Studies on Colostrum – Nutrients and
Immunological Factors : Kunal Saha
& Meenakshi Garg

1992

January Nutrition and Environmental Degrada-
tion: C. Gopalan

Vitamin A Supplementation and Child
Mortality – The Nepal Study: S.
Rajagopalan

April The Urban Challenge – Health-
Nutrition Implication: C. Gopalan

Maternal and Child Health in Slums
of Delhi – A Summary Report: R.K.
Puri and H.P. S. Sachdeva

The Slums of Ludhiana City (Punjab):
A Case Study: A. Zachariah & Prema
Zachariah

July Growth Chart in Primary Child Health
Care: Time for Reassessment: C.
Gopalan

Defluridation of Drinking Water:
Merits of Alternative Technology:
A.K. Susheela

October Ensuring Food Safety and Quality:
The Present Picture in India: Ramesh.
V. Bhat

Variations in Food Consumption
Patterns of Populations: C. Gopalan

1993

January ICDS: An Assessment: B.N. Tandon

April Nutrition and Cataract : K. Seetharam

	Molecular Epidemiology of Cataract: D. Balasubramaniam	April	Coronary Heart Diseases in Indians- Possible Role of Nutritional Factors: W. Phillip et al.
	Etiology of Malnutrition in Punjab: Poverty or Ignorance?: E. Booth et al.		Nutritional Status of Quarery Workers and Growth Profile of their Offspring: Sushma Sharma et al.
July	Child Care in India: Emerging Challenges: C. Gopalan	July	Diabetes and Insulin Resistance syndrome in Indians: C.S. Yajnik
	Turmeric: A Potential Anticancer agent: Kamala Krishnaswamy		The Childhood Origin of Atheroscle- rosis: S. N. Jaganathan
October	Osteoporotic Fracture: An Emerging Public Health Problem in Asia: C. Gopalan		Coronary Heart Disease in Delhi: The Possible Role of Air Pollution: C. Gopalan
	Low Birth Weights: The Indian Experience: Prema Ramachandran		Fluid Therapy in Childhood Diar- rhoeas: Recent Developments: M. K. Bhan et al.
1994			
January	Nutrition and Degenerative Diseases in India: C. Gopalan	October	Assessing Child Malnutrition: Some Basic Issues: H. P. S. Sachdeva
	Diet in Renal Disease: M.K. Mani		Vitamin A and Vaccination : C. Gopalan
	Acute Toxicity of Vitamin A in Infancy: C. Gopalan	1996	
April	Control of Iodine Deficiency: The National Programme – Current status: Sheila Vir	January	The National Nutrition Science- An Analysis of Results of two National Surveys: M. K. Rai et al.
	Child Survival and Safe Motherhood – The Hard Road Ahead: Shanti Ghosh		Child Nutrition in India: Findings from the National Family Health Survey : S. Gillespie
July	Micronutrient Deficiencies: Public Health Implications: C. Gopalan	April	Persisting Diarrhoea and Associated Malnutrition in Children: M.K. Bhan et al.
October	Late Effects of Fetal Undernutrition : C. Gopalan		Ensuring Food Quality and Food Safety- Emerging Challenges: Raj. K. Malik
	Dairy Development in India: A.P. Maha	July	Diet Related Chronic Diseases in India – Changing Trends: C. Gopalan
1995			
January	Bioactive Phytochemicals in Indian foods: B. S. Narasinga Rao		Energy Requirements of Adolescents : P. S. Shetty
	Chemical Contaminants in Drinking Water – Public Health Issues and Challenges: A. K. Susheela	October	Bioavailability of β -carotene from Plant Foods: B.S. Narasinga Rao

Vitamin A Supplementation in Pregnancy and Lactation: Prema Ramachandran

1997

- January** Plant Food and Cancer Risk- Science and Tradition: J. D. Potter
- Food Safety Evaluation – National and International Perspectives: Ramesh Bhat et al.
- April** Obesity and Physical Activity: P. S. Shetty
- Nutrition Related Chronic Diseases in Asia: Florentino S. Solan
- July** Nutritional Status of Children and Women in India – Recent Trends: H. P. S. Sachdeva
- Universal Salt Iodization Programme in India – Progress and achievements: Shiela Vir
- October** Nutrition and Cancer : Kamala Krishnaswamy
- Antioxidants in Palm Oil : Narasinga Rao

1998

- January** Obesity in the Indian Urban Middle Class: C. Gopalan
- Fruits and Vegetables Production in India : G.L. Kaul
- April** Calcium Requirement in Pregnancy and Lactation: Ann Prentice
- Less Recognised Micronutrient Deficiencies in India: Mehtab S. Bamji and A.K. Lakxmi
- July** Micronutrient Malnutrition in SAARC- The Need for a Food-based Approach: C. Gopalan
- Recent Trends in Immunonutrition: Gill Hardy

October Arsenic in Drinking Water: A Public Health Hazard: A.K Susheela

Folic Acid for Prevention of Neural Tube Defects: S.S. Agarwal

1999

- January** The Changing Epidemiology of Malnutrition in a Developing Society: C. Gopalan
- Genetic Variation and Nutritional Requirements: Artemis P. Simopoulos
- April** Childhood Obesity in Developing Societies: P.S. Shetty
- Control of Iron Deficiency Anaemia- New Approaches: Fernando E. Viteri
- Reviews and Comments: Anaemia in Adolescence and Pregnancy: Anshu Sharma and Bani Tamber
- July** Nutrition in High Altitudes: S. Singh, K. Sridharan and W. Selvamurthy
- Genetically Modified Plants for Food Use: R.S.Paroda
- October** Nutrition and Developmental Transition- Lessons from Asian experience : C.Gopalan
- Reviews and Comments: New Challenges to Nutrition Security in the Third World: Michael C. Latham and Micheline Beaudry

2000

- January** India's Milk Revolution : V. Kurien
- Reviews and Comments: Malnutrition and Obesity :P.S. Shetty
- April** Towards an Evergreen Revolution in Agriculture: M. S. Swaminathan
- Multiple Micronutrient Supplementation in Pregnancy: C. Gopalan
- July** Iodation of Common Salt for Control of IDD- Not the Time to Backtrack: C. Gopalan

	India's Horticultural Revolution: G.L. Kaul		The Vitamin A Fiasco: C. Gopalan
	Reviews and Comments: Pregnancy in Adoloscence – "Child Labour" at its Worst!: C. Gopalan	April	Towards Women's Empowerment: C. Gopalan
October	Towards Population stabilisation: Ashish Bose		Role of Dietary Fat in Meeting Energy Needs on Predominantly Cereal-based Diets: B.S. Narasinga Rao
	Nutritive Value of Rice Bran: B. S. Narasinga Rao		Nutritional Status of Women in an Urban Slum of Delhi : A Profile: S. Saran
2001		July	Ensuring Nutritive Quality of Breast Milk: C. Gopalan, Rita Patnaik
January	Prevalence of Vitamin D Deficiency in North India : N. Kochupillai		A Vision of Nutrition Science in the Post-genome era: Vernon R Young
	Nutritional Status of Children in the State of Uttar Pradesh – Programme Implications: Sheila C. Vir and A. K. Nigam	October	Towards a "Humane" Development Report: Ashish Bose
	Reviews and Comments: Combatting Vitamin A deficiency – A Rationale Public Health Approach: Shanti Ghosh		Body Mass Index : Is it the Ideal Universal Weight for Height Index?: Prakash Shetty
2003		January	Fatty Acids in India : Current Research and Government Policies: C. Gopalan
April	Polyunsaturated Fatty Acids in Health and Nutrition: Ghafoorunissa		Nutrition in Menopause: Rita Patnaik
	Early Childhood Malnutrition in India: Inter-state Differences: C. Gopalan	April	Changing Nutrition Scene in South Asia: C. Gopalan
	Combating Malnutrition with Scientific Intervention and Community Participation: Mahtab S. Bamji, P.VVS Murthy		Recent Transitions in Anthropometric Profile of Indian Children: Clinical and Public Health Implications: H.P.S Sachdev
July	Census of India 2001: Some Glimpses: Ashish Bose	July	Ensuring Access to Balanced Diets and Safe Drinking Water: M.S Swaminathan
	Genetically Modified Foods: Potential Benefits and Possible Hazards: Kamala Krishnaswamy, S. Vasanthi		Experience with Dietary Management in Diabetes Mellitus in South Indians: V. Mohan
October	Prevention of "Micronutrient Malnutrition": C. Gopalan		Obesity: An Emerging Public Health Problem in Asia: Prakash Shetty
2002		October	The Measurement of Body Composi-
January	Pulses and Legumes as Functional Foods: B.S. Narasinga Rao		

tion: Techniques and Implications:
A.V Kurpad

Omega-3 Fatty Acids, Evolutionary
Aspects and Public Policy, Artemis P
Simopoulos, Biology of ageing : M.S
Kanungo

July

Effect of Vitamins Supplementation
on HIV and AIDS: A Chatterjee, W.W
Fawzi

India's Food Production Policies:
Need for Nutrition Orientation: C.
Gopalan

2004

January

Population and Development: Myths
and realities: Almas Ali

Efficacy of Plant Foods in Meeting
Vitamin A Requirement: Emorn
Wasantwisut

Nutritional Status of the Elderly in
Urban Slums of Delhi: Hema S.
Gopalan

April

The Nutrition Scene in India: The
trends: Prema Ramachandran

October

Assessing Human Energy Require-
ments: Methodological and Lifestyle
Considerations: Dr Prakash Shetty

Expenditure and Consumption
Patterns: Implications for Nutrition
Policy: Imrana Qadeer, A.P.
Priyadarshini
