

Appendix III

LIST OF STUDY CIRCLE LECTURES

1994			
		16.08.95	Nutritional Problem in Hot Desert: Dr B.C. Chauhan
23.11.94	The growing challenge of adult chronic diseases in developing societies: Prof W.P.T. James	15.05.95	Neural Tube Defects Genetic & Nutritional Aspect: Prof I.C. Verma
29.11.94	Safety and wholesomeness of street foods: Dr John Lupien	15.09.95	Combating Iodine Deficiency Disorders: Challenges and Current Approaches: Dr Shiela Vir
16.12.94	Management of Diarrhoeal diseases in Children – Latest trends: Prof M K Bhan	20.10.95	Metabolic Adaptation in Humans: Does it Occur?: Dr Prakash Shetty
16.12.94	The National Family Health Survey 1993 – Major Messages: Dr W. Goldman	29.11.95	Towards Better Nutrition for Women & Children – Problems & Programmes: Dr Sarala Gopalan
1995		1996	
16.01.95	Health & Nutritional Status of Tribals in Orissa: Dr Almas Ali	28.02.96	Nutrition and Molecular Biology: Prof Indira Nath
	Nutritional Status & Reproductive Performance of Quarry Workers & Growth profile of their Offspring – A Prospective Study: Dr Sushma Kashyap	27.03.96	Lathyrism: New Dimensions: Dr M. P. Diwedi
		30.04.96	Changing Spectrum of Malnutrition in children – Lesson from Sri Lankan Experience: Prof Priyani Soysa.
25.01.95	Nutrition and Immunity – New Insights: Prof R.K.Chandra	30.05.96	Nutrition and Brain: Dr K.N. Aggarwal
15.02.95	Nutrition and AIDS: Dr Prema Ramachandran	19.07.96	Vitamin Requirement in High Altitude: Dr K. Sridharan
15.03.95	Current Health Status of Urban Slum Communities in Delhi Results of Recent Studies: Dr H.P. S. Sachdev	23.08.96	Role of Academician in National Nutrition Programme: Prof B.N. Tandon
		20.09.96	Food-based Approach for Combating Vitamin A Deficiency: Dr Vinodini Reddy
18.04.95	Ensuring Food Quality & Food Safety – Emerging Challenges: Mr Raj Malik	30.10.96	Foetal Origin of Adult Chronic Diseases: Dr Caroline Fall
15.06.95	Hormones & Growth Factor in Maternal Malnutrition & Foetal Growth Retardation: Dr. N. Kochupillai	29.11.96	A Food and Nutrition Secure India – The Final Milestone: Dr M.S. Swaminathan
14.07.95	Selenium in Health & Disease: Dr R. Subramaniam		

16.12.96	Fluoride: Nutrient or Contaminant: Dr. A.K. Susheela	30.06.98	Arsenic in Drinking Water – A Public Health Hazard: Dr A.K. Susheela
----------	---	----------	--

1997

24.01.97	Population Issues: New Fugitives from the NFHS: Dr K. Srinivasan	24.07.98	Nutrition and Bone Disease: Prof S.P.S. Teotia
07.03.97	Use of Plant Foods for combating Mi- cronutrient Deficiencies: Dr Subadra Seshadri	25.08.98	Eradication of Goitre from India – Recent Initiatives: Dr. Umesh Kapil
29.04.97	Nutrition of Women & Children in India: Changing Trends: Dr H.P.S. Sachdev	10.09.98	Neural Tube Defects: Dr S.S. Agarwal
19.05.97	Food Nutrition & Malaria Mortality: Dr Sheela Zubrigg	15.12.98	Control of Vitamin A Deficiency: Dr Alfred Sommer

1999

18.06.97	Enteral & Parenteral Nutrition: K. Sriram	13.01.99	Maternal Caring Behaviour and Child Nutrition: Ms Purnima Menon
02.07.97	Nutrition & Cancer: Dr. Kamala Krishnaswamy	19.02.99	Nutrition in Aging: Dr Kalyan Bagchi
30.09.97	Maternal & Child Health in the 9th Five Year Plan: Dr Prema Ramachandran	05.03.99	Synergising Fortification and Food- based Approaches for Combating Malnutrition: Dr V. Prakash
27.10.97	Issues & Options for India's Nutri- tion Programme: Dr James Levinson	28.04.99	Nutrition in Extreme Environments: Dr W. Selvamurthy
24.11.97	RCH: MCH – Old wine in New Bottles?: Dr. Shanti Ghosh	26.05.99	Vitamin D Deficiency in Northern India: Dr N. Kochupillai
30.12.97	Vitamin D Deficiency in North India: Dr N. Kochupillai	20.07.99	Genetic Modification of Foods: Dr Asis Dutta
21.01.98	Street Foods: Dr. Indra Chakravarty	11.08.99	Nutrition and Maternal Mortality: Dr David Rush

1998

24.02.98	Fungal Toxins in Foods- Recent Stud- ies: Dr Ramesh Bhat	10.09.99	Strategies for Combating Malnutri- tion: Dr Meera Chatterjee
20.03.98	Recent advances in Immu- nonutrition: Dr Gill Hardy	14.10.99	Foetal Origin of Cardio-Vascular Dis- ease: Dr David Barker
24.04.98	Stunting in Indian Under Fives – A Critical Re-examination: Dr M.K. Bhan	29.11.99	Nutrition and Degenerative Dis- eases: Dr S. Padmavati

2000

28.05.98	Common Mechanism of Diarrhoea and its interplay with Micronutri- tional Deficiency : Prof. N.K.Ganguly	23.02.2000	Global Warming: Possible Health Implications: Dr Subash C. Arya
		26.04.2000	The National Nutrition Mission: Mrs Veena S. Rao

9.06.2000	National Population Policy & After : Prof Ashish Bose	12.12.2001	Nutrition intervention in gastrointestinal fistulae: Dr Adarsh Chowdhary
7.09.2000	Possible Role of Antioxidants in Age-related Eye Diseases: Prof Astrid Fletcher	2002	
18.10.2000	Probiotics – Nutritional Considerations: Dr R.L. Bijlani	23.01.2002	Community Initiative in Anti-poverty Programme: Dr Meera Chaterjee
24.11.2000	Towards better nutrition in a Knowledge-based society: Dr Prema Ramchandran	22.02.2002	Weight Management for Sports and Fitness: Dr Anupa Siddhu
13.12.2000	Newer Methods for Haemoglobin Estimation in the Field: Dr R.P. Britt	20.03.2002	Ethics and Public Health Policy: Dr C.S. Pandav
2001		18.06.2002	Importance of Fatty Acids in Human Nutrition: Dr Ghafoorunissa
19.01.2001	Promoting Grassroot Efforts for Nutrition Programmes: Dr Siddharth Aggarwal	16.07.2002	National Human Development Report 2001: Dr Ashish Bose
9.02.2001	Nutrition & Physical Fitness : Dr Jana Parizkova	27.08.2002	Maternal Nutrition and Foetal Imprinting: Dr N. Kochupillai
18.04.2001	Fast foods and Junk Foods: Dr Kumud Khanna	1.10.2002	Nutritive Value of Rice Bran: Dr T.C. Raghuram
31.05.2001	Nutrition in the Critically-ill Patients: Dr Sarath Gopalan	29.11.2002	Unmet Challenges, Possible Solutions and Future Challenges in Nutrition in India: Dr N.K.Ganguly
2003			
19.06.2001	Food Adulterants: Dr Pulkit Mathur	17.06.2003	Body Composition: Techniques for Measurement and Implications: Dr Anura V. Kurpad
20.7.2001	Ethical Considerations in Medical Research: Dr Vasantha Muthuswamy	18.07.2003	Anaemias of Pregnancy: Interstate and Intrastate Differences: Dr K.N. Agarwal
10.08.2001	Ensuring Food Safety: Dr Ramesh Bhatt	12.09.2003	Population and Development: Myths and Realities: Dr Almas Ali
7.09.2001	Good Nutrition for Good Health Nutrition in infancy and childhood: Dr Shanti Ghosh	21.10.2003	Pesticide Residues in Food Commodities: Dr M. Gopal
	Nutrition and Reproductive Health Nutrition in the Elderly: Dr Prema Ramachandran , Dr Sushma Sharma	29.11.2003	Foundation Day: Building a Bridge between Traditional Wisdom and Modern Science: Dr R.A. Mashelkar
23.10.2001	Behavioral Aspects of Complementary Feeding: Dr Patrice L Engle		
29.11.2001	Child Health in India: Dr M. K.Bhan		

2004			
23.01.2004	Time Trends in Determinants of Nutritional Status: Dr Prema Ramachandran	20.05.2004	Nutrition Data from District Level Household Survey (DLHS) Phase 1: Dr C. Chandrasekhar
27.01.2004	Iron Absorption and the Formation of Non-Transferrin, Bound Iron in Various conditions: Prof Catherine Geissler	28.06.2004	Assessing Human Energy Requirements: Dr Prakash Shetty
27.02.2004	WFP's Contributions to Nutritional Upliftment: Dr Minnie Mathew	30.07.2004	Census – 2001 – Implications for Social Sectors: Mr J. K. Banthia
31.03.2004	Early Origin of Adult Disease – Delhi Cohort Experience: Dr S.K. Bhargava	27.08.2004	An Analysis of Food Expenditures: Policy Implications: Prof Imrana Qadeer
		16.11.2004	Periconceptional Folates for the Prevention of Neural Tube Defects: Dr Asok Antony
